

WIRING LOOMS, CABLE FORMS & CABLE HARNESSSES

Operating from strategically located premises in the West Midlands, **CAMIS** has been manufacturing cable looms and harnesses since 1969. Our highly trained engineering and assembly team provides a full supply service from design to manufacture.

Fully automated wire cutting, stripping, crimping and tinning solutions.

An Artos CR-22 crimping machine provides a fully automated process. Up to four processing stations affords a wide range of end of wire applications including terminal crimping, weather seal application and wire end twist & tinning.

Hot stamp cable marking

A hot stamp cable marking facility allows us to print text directly onto the cable increasing efficiency and providing a high quality finish.

Digital harness & loom testing

Digital testing equipment with pc enabled software ensures every point in the looms & harnesses are tested and produced to the highest possible standards.

Control Box Assemblies

Camis' design, specification, and manufacturing expertise offers control box assembly solutions to either complement existing looms and harnesses or as a new stand-alone product.

Over moulding

In-house overmoulding facilities provide a personalised, customer specific solution for electronics assembly encapsulation and potting requirements.

High Voltage cable assemblies

As well as Low Voltage, Camis is able to provide High Voltage cable solutions. Using state-of-the-art cutting, stripping, and crimping facilities, cables up to 120mm can be processed.

Cable cutting

Jacket strip capabilities including a rotary incision head allows full, partial and window stripping of multicore cables, cables with tough insulation, or difficult to process power cables, up to 120mm in diameter.

products and services are used in a wide range of industries:

- HVAC
- Environmental
- Aerospace
- Audio Visual
- Automotive
- Boilers
- Catering
- Gaming
- Heating
- Lifts
- Lighting
- Medical
- Mobility
- Railway
- Refrigeration
- Security
- Semi-Conductor
- Solar Panels
- Switchgear
- Vending
- White Goods
